Help Make Religious Exploration a Success

The Director of Religious Education, Youth Programs Coordinator and Committee on Children and Youth Ministry oversee the children and youth RE program. We strive to create a meaningful, safe program for everyone. All families can expect safety, regular communication, understanding of family needs, and a deep desire to share in your family's faith journey.

In return, we ask of parents and caregivers:

- Ψ Try to attend regularly - your child's success in our program hinges on her/his ability to form community with the other children. Regular attendance will help the community grow stronger
- Ψ Register your child - the more information we have, the better we can serve your family and the rest of the church
- Ψ Participate in the life of the church - children learn by the examples set by parents attending church events will show the importance of church to your children
- Ψ Support the church financially - a strong RE program is part of a strong church, your financial contributions support all the ministries of the church
- Ψ Discuss behavior expectations with your child - please talk to your children about how you would like them to behave in RE, a child who understands expectations from parents and leaders is secure in their behavior
- Ψ Take time to introduce yourself to your child's RE leaders - the RE leaders welcome your interest and are delighted to talk with you. You can also discuss any concerns or needs with the RE leaders, the sooner we know how to help, the better we can be
- Ψ Let the DRE know if your child needs special accommodations - there may be more options for your child than you think, please discuss any needs you may have with the DRE. Your information is kept private.
- Ψ Make sure your children have a good breakfast before church -
- Ψ Please leave all toys at home or in the car - leaders will hold any toys brought into the rooms, this will help the community atmosphere
- Ψ A parent/caregiver for the child must remain on the ESUC property at all times
- Ψ Talk with your children about why you want them to be part of this community - children thrive when they feel the intention and love surrounding their church attendance
- Ψ Volunteer in the program - each family, not otherwise teaching, is assigned a week every two months to assist in the classrooms. See checklist below

We will try our best to make RE a success with these Guidelines

parent or caregiver signature

Our program is cooperative, every family not otherwise teaching in RE, will be assigned one week every two months to assist in the classroom.

Please choose how you would like to be involved next year.
